## **BOOK SYNOPSIS**

Joey started writing novellas and short stories revisiting her characters and posting this material as free content at the JWH Connection fan forum some years ago. These were intended as a thank-you to her readers and also to give her some breathing room to enjoy her characters without the pressure of deadlines and complicated story arcs. Hence, "Cantrips" fits as the series title for the compilation volumes of these stories. Volumes 1 & 2 of Cantrips are only the first two of what we hope will be more "vignette volumes." Currently they represent all vignettes written through 2016, and they are arranged in the volumes in the order in which they were written. NOTE: The individual, digital download versions of these stories have always--and will continue to be--offered for free at the JWH Connection fan forum.
